Facility Information

Regina East United Soccer Club is thrilled to host our fifth annual indoor soccer tournament at Regina's multi-purpose soccer facility located at Regina Exhibition Park. This 90,000 square foot facility was constructed for the Canada Summer Games held in Regina in August 2005.

This state of the art facility features four large soccer fields. The clear span construction allows the facility to be converted into a full size regulation outdoor soccer field. The games will be played on European Turf with a grass length of 1 3/8 inches.

To avoid disappointment, register early for the **RAZZ** Soccer Classic to be held in Regina, Saskatchewan, December 11-13, 2009.
